

# Church Planting Missionaries in Burkina Faso West Africa

## March Prayer Letter

### Closer to leaving!

The last few months before leaving for the mission field are especially crazy. We have a full schedule of meeting between now and when we plan to leave as well as starting to pack for moving our lives to Africa. Now that Ashley and I are expecting our first child, we also have to get everything together for our baby adding something else to the "To Do List". Pray for us as we starting packing everything up to head to Africa and that God will protect us as we finish our deputation travels.

### Support and set up fund update:

We had another church give \$1000 towards our set up fund, Praise the Lord! We are one step closer to having everything we need to get to the field. We have also had others let us know that they will be giving towards our setup fund in the future. This is a constant reminder that God always provides. Please pray for us as the time that we are leaving is approaching quickly and we really need to get the remainder of our funds together so that we are able to go on time. Thank you all so much for your prayers and support.
