

# Church Planting Missionaries in Burkina Faso West Africa

## April Prayer Letter

### Time to Go!!

It has been my goal to leave for Burkina Faso in June for some time now. We were waiting to buy tickets to see what the Doctor said about the health of the baby and the possibility of having the baby in Africa. Ashley and I had our appointment with the Doctor last week and he gave us the green light to leave. After talking to my pastor and spending time in prayer, we have decided that it is Gods will that we leave for the mission field before the baby is born. To make this happen we will need to quickly get the rest of our support to leave in June. I am stepping out by faith and **purchasing the tickets now**, and trusting that God will provide the remainder of our support in the next 2 months. We have a full schedule between now and when we leave, please pray with us that God will help us find the churches that He would like us to partner with in taking the gospel to Burkina Faso.

I would also like to ask the pastors of the churches that we have already visited while on deputation to pray and ask God if you and your church would consider us for support. I am very confident that God will provide everything that we need just as He always does, we will simply trust Him and step out on faith. Thank you all so much for your prayers and support, God bless!
