## June Prayer Letter

### Evangelism Campaign:

This month the Shumaker family left for their furlough but that doesn't mean that things slowed down here in Burkina. Ministry is still going on all across the country as the Burkina pastors are working hard, in their respective churches, and are working together to spread the gospel. **Each month we will have an evangelism campaign** where we work with a local church to invite as many as possible from the neighborhood to come and we will show a gospel film as well as preach. This past month we went to the church of Tangandago and spent a few hours inviting the neighborhood to come and had a good turn out as well as **one man trusting Christ as his savior.**

### Kids Clubs:

The kids club at Zagtoui is also going really well. Each week **we have had more than 50 kids showing up to sing songs, memorize Bible verses and learn from God's word.** We also play soccer after the meeting and the kids always have a great time. We are working to see these young people saved and discipled as they will soon be the youth of the church.

### Family Update:

This month we have all been a little sick. **Parker gave us a scare when we woke up one night and found him barely able to breathe,** we rushed him to the hospital and they said his lungs had filled with fluid because of a bad reaction to bronchitis. They put him on a steroid breathing machine and he was breathing normally after a few hours. The next day **Ashley also went down with bronchitis** and was sick for a few days, **I also caught malaria** and was down for a few days. **Everyone is doing much better now and is back to 100%. Thank you to all who prayed for our health and quick recovery.**

### Prayer requests:

- Pray for us to stay healthy
- Pray for all the Burkina pastors across the country working to spread the gospel and grow their churches
- Pray for me as I have taken over the responsibilities of Pastor of the church in Zagtoui
- Pray for the leaders of Burkina as terrorism and violence is still on the rise
