

# Church Planting Missionaries in Burkina Faso West Africa

## October Prayer Letter

### Ministry update:

The church at Zagtouli is doing well. We recently had **a new family join as a result of our recent evangelism campaign.** The youth group of the church has made a lot of progress. We now have several youth that have started teaching the kids every week at the church. We are working hard to see the church grow and people reached with the Gospel. Please pray that our church can be a light to the lost world.

### My wife:

I just wanted to take a moment to brag on my wife. She has grown so much over the last year and I am so proud of her. She has moved with me here in Burkina and set up a new life and home. She had our child here in Burkina, she learned to drive a stick shift and navigate Burkina traffic, which can be pretty crazy. She is working hard to master French all while still being a wife and mother. Thank God for my wonderful wife.

### Family update:

We are very excited to announce that our family will be growing by one. We found out that **we will be having a baby girl. She is due in January.** We are very excited about the new addition and are eager to meet her. Please pray for Ashley to have a safe and healthy pregnancy and for the baby to be healthy as well.

### Prayer requests:

- Pray for us to stay healthy
- Pray for Ashley to have a safe and healthy pregnancy
- Pray for the Baptist Church of Zagtouli as we strive to reach the lost with the gospel of Jesus Christ
- Pray for the leaders of Burkina as terrorism and violence is still on the rise
