

# Church Planting Missionaries in Burkina Faso West Africa

## March Prayer Letter

### New Church:

For the remainder of this term here in Burkina Faso, **I will be taking over as pastor of Bread of Life Baptist Church.** The church has been without a pastor for a few years now and they are praying for one. I will take over as interim pastor for the next few months as they continue to pray for a pastor. I am excited about this opportunity and pray that we will see many souls saved and people growing in their faith.

My brother got married on march 7th. We didn't think that we would be able to participate but the Lord worked it out for us. My parents had been saving money to come visit us here in Burkina, but because of the security situation here they decided to instead, pay for us to fly back to see them. That way we could be there for the wedding and they can still see their grandkids. This was an answer to prayer because Eden needed to see an oral surgeon specialist about a small problem with her mouth that were unable to get taken care of in Burkina Faso.

**We were able to be there for my brother's wedding and take baby Eden to the doctor during our visit.** Now we are back in Burkina and ready to keep working.

### Quick Trip Back:

**Language School (again):** This week I started full time language school in the second language that I need to learn here in Burkina Faso, Mooré. Starting over with a new language is a little discouraging but I know that it will pay off in the long run. The Church that I will be pastoring is made up almost exclusively of Mooré speakers. For the time being, I have been using a translator, I preach in French and he translates to Mooré, but **I have made it a personal goal to preach directly in Mooré without a translator** before I leave.

### Prayer requests:

- Pray for me as I take over as pastor in the new church
- Pray for us as we are moving into the heat season and temperatures are well over 100° every day
- Pray that I can learn Mooré quickly and preach in Mooré soon
