

Church Planting Missionaries in Burkina Faso West Africa

July Prayer Letter

Family Update:

Eden with her friend from Church

Thank you so much to all those who prayed for Eden. She is completely recovered from the bacterial infection and doing really well. She is now sitting up on her own and still growing like a weed. She loves playing with her big brother and yelling during church to get attention. Parker's birthday is next month and he will be turning 2 years old. It's crazy to think about how much our lives have changed since he was born here in Burkina.

Since March I have been pastoring the Bread of Life Baptist Church. When I took over the country was under lockdown because of Covid-19 but since June we have been holding regular services. The church is doing really well. This month we will be holding a vision service where **we will kick off our building fund and a new faith promise missions program** and take on our first missionary for support. Please pray for this special service.

Church Update:

The church that I am currently pastoring

The need in Burkina:

Parker eating a snack of roasted termites

I have been greatly blessed and encouraged by working alongside and learning from veteran missionary Keith Shumaker for the past 2 years. It is really amazing to see how God has used him to start many churches here in Burkina Faso. But the more time I spend here in the country the more I see the work that still needs to be done. There are still thousands of villages that have no churches and millions that have never heard a clear presentation of the gospel. **We are seeking God's will as to where we will be starting our first church here in Burkina.**

Prayer requests:

- Pray for our family to stay safe and healthy
- Pray for the church as they commit to new goals for the year
- Pray for guidance as I seek God's will in where I will be starting a church
