February Prayer Letter

Family Update:

We have greatly enjoyed being able to reconnect with family and friends so far while on furlough. The kids had a great time getting to meet our family most of whom had never meet our children since they were born in Africa. Their grandparents were very excited to be able to have there grandkids around for Christmas. We are thankful to have family that is willing to sacrifice time with us and our children so we are able to serve the Lord.

Praise the Lord! **God has provided the money necessary to purchase the piece of land where we are planning on starting our new church.** Thank you so much to all the churches that gave to make the purchase possible. We are very excited to be able to have a place to start so that we can hit the ground running when we get back to the field. We pray that God will use this land as a tool to see many come to Him.

Land is Purchased!

Ministry Update:

Our schedule is completely full of churches that we will be visiting from now until we head back to Burkina. We look forward to visiting some of our supporting churches as well as visiting a few new churches. We are also using this furlough to continue our training to be better prepared for ministry. We have been attending weekly classes and conferences with Vision Baptist Missions. I am thankful for a mission board that is constantly helping better prepare us for the ministry the Lord has for us.

Prayer Requests:

- Praise the Lord for providing the land for the church plant
- Pray for the safety of our family as we travel
- Pray for the new church that we will be starting when we get back to Burkina in June
- Pray that COVID will not hinder us from going back to the field
