June Prayer Letter

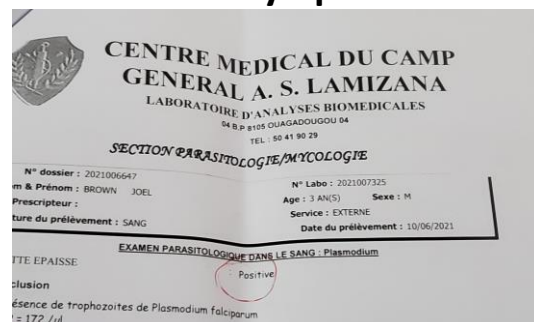

We made it to Burkina:

Within a few days of arriving back in Burkina, **Parker** started having a fever and was acting sick. We assumed that it was just a small bug that he must have picked up from the airport but after a few days of him not getting better, I took him to the Doctor for a blood test and he **tested positive for malaria**. Please pray that he will recover quickly and the rest of us will stay healthy.

We finally made it back to Burkina after a **long flight**. The kids did awesomely and even slept some during the flight which was great since the last time they flew they didn't sleep at all and cried almost the entire time. It was encouraging to see Bro Keith again and to see his ministry still advancing here in Burkina. Our first Sunday back we were able to attend a gathering between some of Bro Keith's churches. The Lord is greatly using him here in Africa.

Family update:

Getting ready to move:

We are getting settled in quickly here on the field and have started **looking for a new house to rent closer to the area where we will be starting our church**. I think we have found a **house** that will work, although it needs a little work to get it fixed up. We will be trying to get all the work done quickly so we can move and get started on the church plant.

Prayer Requests:

- Pray that God will help us to quickly find a house in the area we need so that we can get moved in
- Pray that Parker will get better and the rest of us will stay healthy
- Pray that God will bless the new church plant in Zinguedesse
