New Year New Goals:

Have you ever thought about visiting the mission field? What about Burkina Faso? If you are interested in visiting us here in Burkina Faso, **we will be hosting a mission trip on July 3-13th 2023.** If you would like more information, you can email me or send me a message on Facebook. Feel free to reach out if you have any questions.

Last year we saw God help us meet some incredible goals. Our plans for 2023 are even more ambitious and are going to stretch our faith. During the last week of January our church had a special meeting to go over our plans for the new year. If our church is going to accomplish our goals for the year to come, we will need to train leaders to work in the different areas of the church. **We will be focusing on training and establishing leaders in the church this year.**

Visit Burkina Faso:

We had the first graduate of our personal evangelism class. George graduated last month and was able to lead 2 young men to the Lord the same week. We are so excited about all those who have been working on their ability to share the gospel. Our hope is to more effectively reach our community with the gospel in the year 2023. We have some big evangelistic goals and we will need all the help we can get. There are already 2 other members that have passed their test and now must lead someone to the Lord to officially complete their training. Please pray for all those that are enrolled in the personal evangelism class as well as for our church to be able to effectively reach our community with the gospel.

Personal Evangelism Class:
