Family Update:

Our family has been doing well. We enrolled our kids in preschool here in Burkina to help them begin to learn French and Parker in particular has made a lot of progress. The school year just ended and the kids are out of school for the next few months. Thank you for all those who have been praying for our health and safety. We have dealt with much less sickness than last year and we are very grateful.

Our church continues to grow slowly and we are seeing a few members slowly become more grounded in their faith. We launched a new discipleship program hoping to further help those who wish to grow in their faith. We also have a few students that will get working as interns at the church over the summer months.

Church update:

Salvations!

The Lord is still saving souls. I am very excited to report that we have continued to regularly see souls saved almost every week at Victory Baptist Church of Zinguedesse. In the picture on the left top is a man names Eloi that has been faithfully attending church for over 2 months now and we had shared to gospel with him a few times but he never seemed to understand. Finally, one afternoon we were working at the church and he came by and we spent a few hours at the church sharing the gospel with him and he trusted Christ as his Savior. In the picture below the lady in the middle visited our church with her neighbor and made a profession of faith after her second week at church.

Prayer Requests:

- Pray for the church plant, Victory Baptist Church of Zinguedesse
- Pray for us as we strive to reach our community with the gospel
- Pray for the discipleship program at the church plant
