Urgent request:

There is a church here in Burkina Faso started over 10 years ago by missionary Vincente Garcia. The church will be losing access to the land they have been renting since the start of the church. They have been saving money to purchase their own land but they don't have everything they need yet. **They need \$40,000 to purchase their own property.** Maranatha

Baptist Church is the only Baptist church in the very needy area of Rimkiata. If the church were to relocate to find cheaper land, they would have to move outside of the community that they have been working to reach for 10 years and most of the members would be too far to continue to attend. **This is a very worthy project that I would like to personally ask for help.** Maranatha is a faithful, soul-winning, gospel-preaching Baptist church that with a little support could continue to reach their community with the gospel. They have to move quickly since the land owner will no longer allow them to rent the property, **we plan on purchasing the land by the end of April.** Any contributions can be sent to the Misson board labeled for church land Maranatha. Please consider giving to this worthy investment.

Our church hosted our first married couples' banquet, which went very well. We had 17 couples as well as many first-time visitors. Several spouses had either their wife or husband visit our church for the first time. We prayed for them for over a month and sent out invitations and the Lord greatly blessed. Of the visitors several are still lost and in need of the gospel. We preached on marriage, played games, and shared a meal. It was a great time for the church. At the same time, we held a service for the youth and kids and **2 teens made professions of faith** that night. God has been greatly blessing our church, thank you for your prayers.
